LAW FIRM AI HEALTH REPORT

SEPTEMBER 2026

WHERE YOUR FIRM IS LOSING CLIENTS?

1 PROBLEM

After-hours calls are not answered the same day.

· **What we saw:** GBP hours end early evening; no after-hours line or chat on the site.

2 PROBLEM

You do not promise a same-day callback; nearby PI firms do.

· **What we saw:** No speed-to-lead claim on site; local competitors advertise faster response.

3 PROBLEM

Buying ads now would pour leads into the same gap.

· **What we saw:** No clear LSA or ads running — fix intake before spending on demand.

ONE FIX

A full AI-readiness audit so you know exactly where leads are leaking.

START WITH

Audit · \$1,000 per month

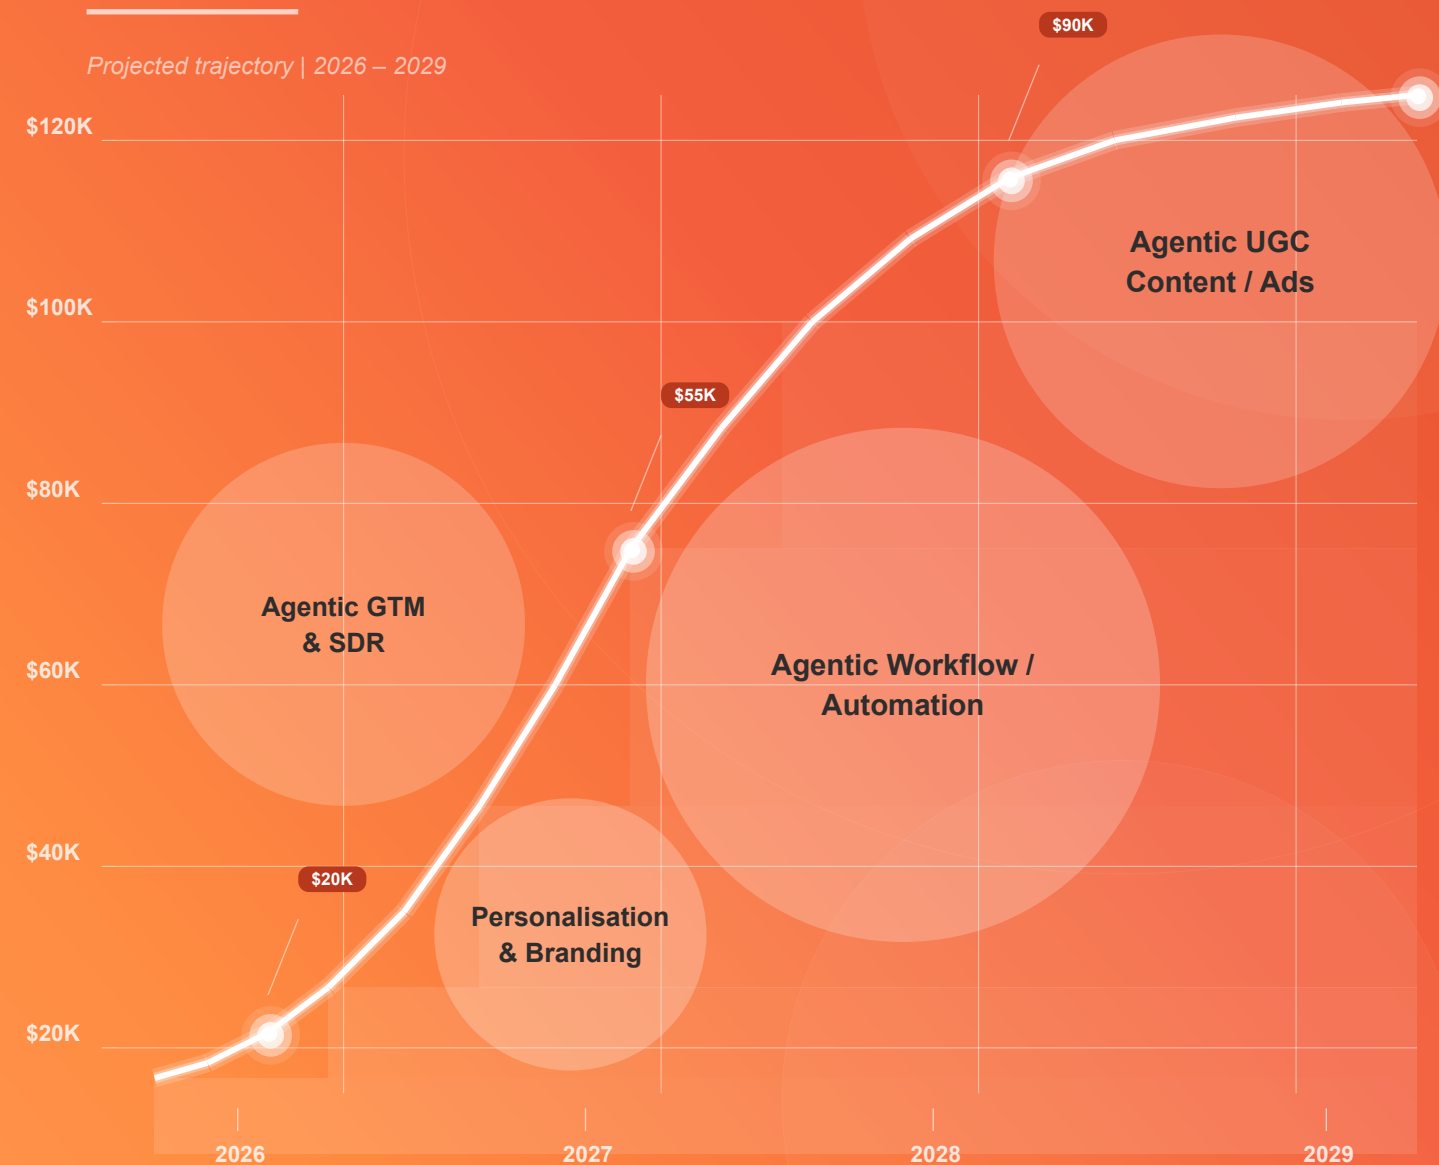

We map your intake, site, and ads — then hand you a prioritised fix list.
